About ZenAvian Healthcare

ZenAvian Healthcare is a poultry-focused healthcare company dedicated to supporting poultry farmers, veterinarians and the wider poultry industry with dependable veterinary pharmaceutical and nutritional solutions.

We focus on developing and delivering products that address real farm challenges, combining the expertise of international manufacturing partners with a strong understanding of the Indian poultry market.

Quality You Can Trust

We work with carefully selected international manufacturing partners to source reliable poultry healthcare products, handled according to applicable quality and regulatory requirements.

- Selection of reliable manufacturing partners
- Quality-assured raw materials and finished products
- Consistent product quality
- Proper packaging and storage
- Batch-wise documentation and quality checks
- Compliance with applicable regulatory requirements

Anticoccidial

Cox Zen

Coccidiosis Management

Cox Zen is our poultry healthcare product positioned for coccidiosis management.

Key focus

- Coccidiosis management
- Support during coccidial challenges
- Helps support flock health and performance
